

Rail & Rollers - Fixation Options

1) Rail & rollers

- Rail for rollers 24 mm galvanized iron
- Lengths 1 to 5 meters
- Roller 24mm: double wheel with galvanized iron ball bearings
- Galvanized S-hook
- If you are using a carabiner, you need to drill a larger hole in the plate.
- To determine the right cloth height see photo A

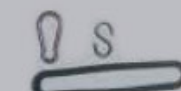

2) Fixation options on the side

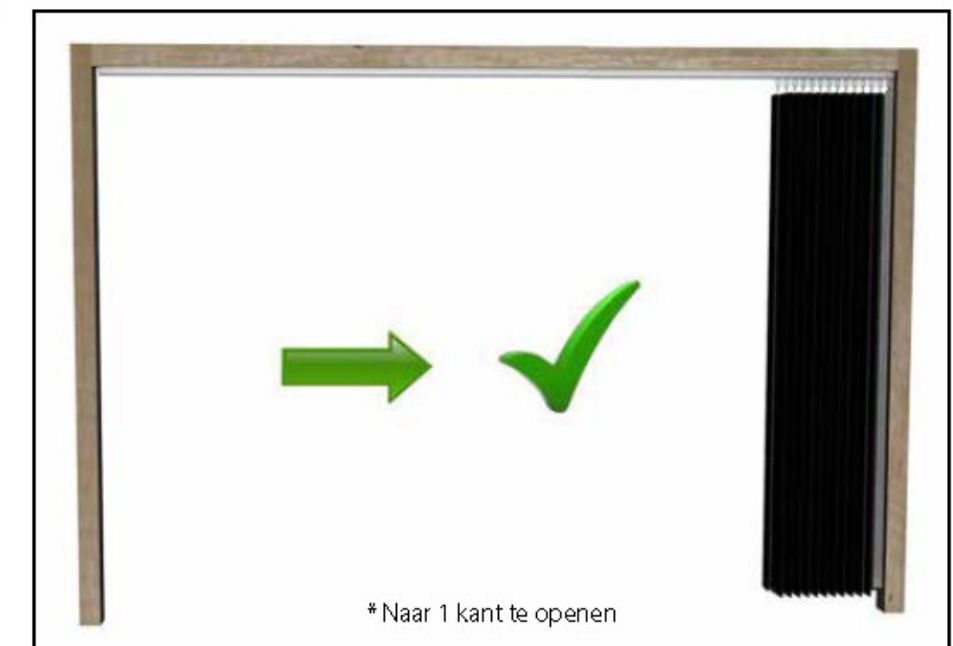

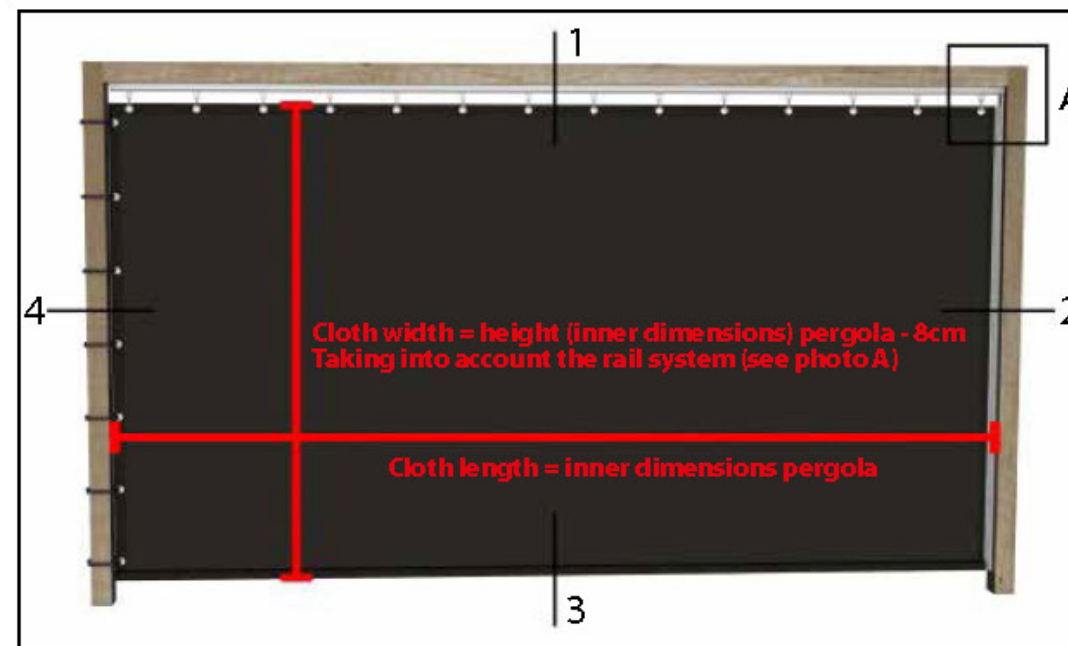

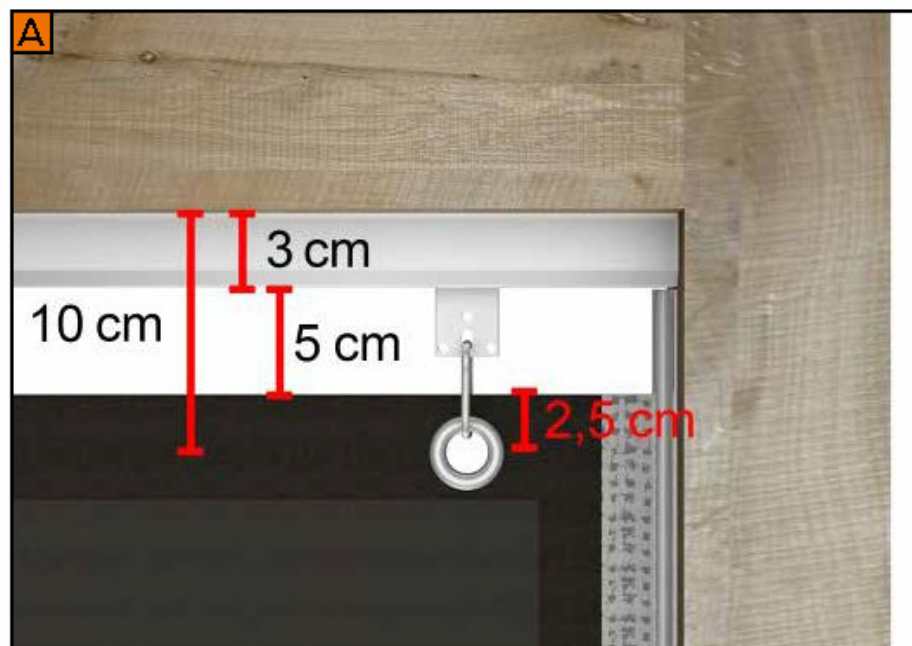

- Anodized caravan rail**
- No flag, lengths 1 to 5 meters
 - Can be opened to 1 side

3) Tunnel with tube

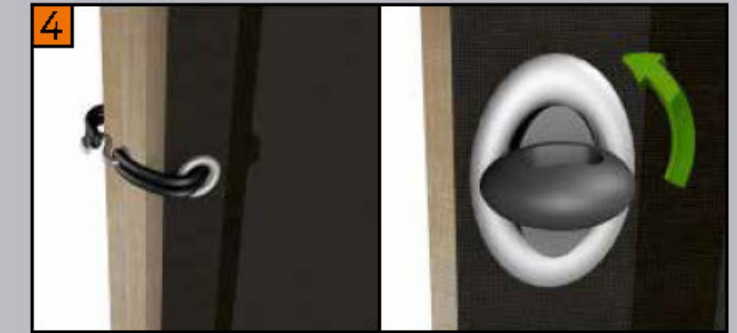

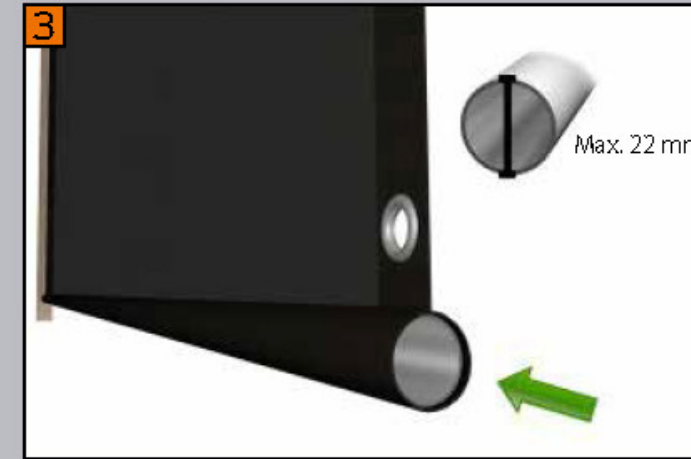

- Tube with a max. diameter of 22 mm in a tunnel, to ensure the shade cloth can be pulled taut.
- Before opening the shade cloth, first remove the tube.

4) Fixation options on the side (also possible on both sides)

-  **Rubber straps + S-hook or carabiner UV stabilized**
 - 20 cm, max. extendable to 35 cm
 - 40 cm, max. extendable to 65 cm
 -  **StormFix**
 - 18 cm, max. extendable to 25 cm
 - 20 cm, max. extendable to 30 cm
 -  **Bungee Ball Strong**
 - 18 cm, max. extendable to 30 cm
 - 25 cm, max. extendable to 45 cm
 -  **Tornadox**
 - 17 cm, max. extendable to 25 cm
- For other options, please refer to the photo album on our website:
